Congratulations New U.S. Citizens

In addition to ESL and GED classes, our volunteer tutors help students prepare for the four-part citizenship interview. The civics test covers U.S. history and government and is conducted as an interview. During the interview, a USCIS officer will ask an applicant up to 10 questions from the list of 100 questions in English. An applicant must answer correctly 6 of the 10 questions to pass the civics test.

Congratulation to Alma Martinez (pictured below), who came by the office with her son and daughter after passing the test.

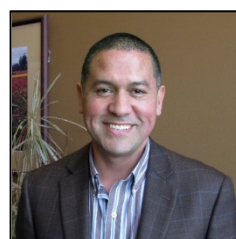

Our student, Braulio Acosta, attended a special naturalization ceremony on the floor of the House of Representatives. Pictured with Braulio is Rep. Teresa Alonso Leon, Rep. Julie Parrish, and Michael Hickman, Portland field office director of the U.S. Citizenship and Immigration Service, who conducted the oath of allegiance during the ceremony.

Test your civics skills! The House of Representatives has how many voting members? (Answer on the back)

A. 200, B. 441, C. 100, D. 435

Tutor & Donor Appreciation Party

Pat Force, CEO of Valley Credit Union, Danny Santos, Board Member, and his wife, Beth Graham

Thank you to all who attended and supported our Tutor and Donor Appreciation Party on

September 30th at Creekside Golf Club. Volunteers, donors, staff, and students shared a wonderful afternoon together.

We heard from a GED student, Jesus Rios, who expressed his gratitude. He is now going to be a coach/mentor to encourage other students. The highlight of the afternoon was

playing a trivia game with real questions from our GED, ESL, Pre-CNA, and Citizenship classes.

Thanks to our event sponsor, Valley Credit Union, for making this event possible. We appreciate their generous support.

Why Workplace English?

Workplace English brings the class to the student who can attend without worrying about finding transportation, extra time, and childcare.

Our trained instructors teach on-the-job vocabulary as well as general language skills.

One of the students at Agricare describes how the classes have helped him in our Workplace video.

"I use it with my son. I have to read...books, stories, they ask me for it. He's little now...but we're going to need (to)

communicate with the teachers and his coach."

Watch the full video and learn more about our Workplace English program on our website.

Outreach at Conferences

Jim, Jenine, and Vivian presented their paper, "Taking Literacy to the Workplace," at LESLLA's 13th Annual Symposium which focuses on ESOL for low-literate learners. The paper describes the triumphs and struggles of Workplace ESL programs as well as advice on how to implement this type of service in other communities.

Lori Ponec and Vivian Ang at the GED Summit

We also attend workshops and conferences to stay up-to-date in the field. Vivian and two tutors

attended the GED Summit in Portland. They attended sessions on GED Testing Program updates, Literacy Activities for ESL and Workforce English, and proven strategies for motivating students.
